**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

A fine day in the hills, however temperatures may reach over 30 Celsius during the afternoon, bringing the risk of heat exhaustion for some. UV will remain high through Saturday, so suitable sun protection will be required.

Forecast for Sunday 14 Aug 2022

Weather: A warm night leads into another hot day on Sunday. Higher-based cloud continuing to build, turning the sunshine hazy at times. Staying mostly dry, though a chance of some scattered showers through the afternoon and evening.

Maximum wind: 10mph easterly winds on the hills, easing to 5mph westerly winds for the evening.

Chance of cloud-free hill tops 600m: 90% or greater.

Low cloud and visibility: Largely very good visibility through the day with cloud remaining above the summits. Visibility may temporarily drop in any showers.

Temperature: **Valleys:** Plus 18 Celsius, rising to plus 32 Celsius.
At 600m: Plus 18 Celsius rising to plus 23 Celsius.
Freezing level: Well above any summits.
